## PROFILE

Passionate frontend developer crafting responsive, user-friendly websites with **HTML5, CSS3, and JavaScript+ES6**. Actively leveling up my skills to master **React** and build modern web applications. Love transforming designs into functional interfaces through clean, efficient code. Committed to continuous learning and creating impactful digital experiences. Eager to contribute, grow, and collaborate on meaningful projects.

## EDUCATION

01/2021 - 12/2024	<b>BSIT</b> University of Sindh Jamshoro	Jamshoro, Pakistan
01/2018 - 01/2020	<b>Intermediate</b> Royal College Umerkot	Umerkot, Pakistan

## SKILLS

React js	● ● ● ● ●	Javascript	● ● ● ● ●
Tailwind css	● ● ● ● ●	Bootstrap	● ● ● ● ●
HTML5/CSS3	● ● ● ● ●		

## PROJECTS

### **Foodie Fast-Food-Web** ↗

Javascript, css3

A dynamic **fast food ordering web application** built with **pure JavaScript**, offering a seamless user experience for browsing menus, customizing orders, and checkout. Designed with a **mobile-first approach**, this project demonstrates core JavaScript DOM manipulation, event handling, and local storage for cart persistence.

### **E-Commerce webApp** ↗

Build with reactjs, cart, payment, api integration

A fully responsive **e-commerce web application** built with **React.js**, featuring product listings, shopping cart functionality, user authentication, and secure checkout. Designed with a modern UI using **Tailwind CSS**, this app includes key e-commerce features like product filtering, search, and order tracking

### **Task Manager**

A clean and intuitive **Task Manager** built with **HTML, CSS & JavaScript** to help users organize daily tasks efficiently. Features CRUD operations (Create, Read, Update, Delete) with persistent local storage.

### **Search Image Engine**

JavaScript ES6, Tailwind

A **dynamic image search application** built with **JavaScript** that fetches and displays images from an external API . This project demonstrates API integration, asynchronous JavaScript (async/await), and dynamic DOM manipulation.
